1. The unidentified friend from Pirna mentioned in para. 1 of reference has been given the cover name Hans LAMPE. His true name appears in MGL-A-7758. GV C explains that this information was not available very much earlier because V-12041 only recently learned, through a letter from the friend to V-11811(P), of the friend's existence.

*Josef Kuster MARK*

2. We presume that V-12041 and LAMPE have already met in Berlin by now; therefore we are not cabling the request for traces.
